

Today is also Valentine's Day. It's a day named after the Christian Saint Valentine.

What do you suppose it was like when Jesus was transformed? Do you think you would have had to wear sunglasses?!

## Luke 9:28-45 The Transfiguration

Jesus took his friends Peter, James, and John up a big mountain to pray. All of sudden, something strange happened.

"Jesus' face looks different," shouted James.

"His clothes are shining like the sun," yelled John.

"What's going on?" cried Peter.

Then two men appeared by Jesus' side.

John's eyes got huge. "Those are the most important prophets that ever lived," he whispered.

Peter, James, and John blinked hard. When they looked again, Jesus was normal and the other men were gone. Then they heard God's big, booming voice. "This is my son. Listen to him!"

"Wow! That was amazing!" said Peter. "Jesus, we should stay here forever."

Jesus shook his head. "No, Peter. I still have work to do to show the people God loves them. And so do you."

### Nice Quote!

Sometimes the sea-striped ones lift me up so I can see from a higher vantage point. When I'm up there, it's like I never want to come down!

- Chornus Naga

When you stand on a mountain or on top of a tall building, things look differently. Create a little model of where you live and imagine you're looking at it from 1000 ft. above! How would it look different?
